EXPERIENCE

2026

Writer · Illustrator · Character & World Designer

Love Ruined Beneath Revenge (Webtoon)

Solo-created a complete storytelling project — writing narrative, designing all characters, illustrating scenes, and building the world from concept to final artwork.

2025

UX/UI Designer & Co-developer

WebXith

Designed and co-developed a chatbot data management platform, enabling seamless data editing via Dialogflow API.

2025

UX/UI Designer & Frontend Developer

KKUL Library Map

Designed and developed an interactive library map for Khon Kaen University Library, focusing on spatial UX.

2025

Writer · Illustrator · Character & World Designer

Love Ruined Beneath Revenge (Novel)

Solo-created an original novel — writing, character design, world-building, and illustration.

2025

Illustrator · Accessory Designer

Cultural Design

Designed culturally inspired accessories and illustrations from Thai aesthetic traditions.

2025

Illustrator · Character Artist

Commission Collection

Professional character illustration commissions — portrait, full-character, and custom designs.

2023

Logo Designer · Brand Identity

Logo Design

Designed logos and visual brand identity systems for clients across various industries.

2023

UX/UI Designer & Developer

Snake Game Mobile App

Designed and implemented a Snake game for mobile, focusing on UI and performance optimization.

2023

AI Developer

NLP Chatbot

Built an AI-driven chatbot using NLP techniques to improve user interaction and automate responses.

2022

Art Director · Character Animator · BG Designer

Knight of Swords

Led visual direction for a 2D multiplayer game. Animated characters with DragonBones, created all background art.
